

# **To Book a Build Slot**

## **Requires: A Non-Refundable Deposit**

Once you have decided you would like us to build you a boat, we ask that you place a NON-REFUNDABLE DEPOSIT of £1,500.00, *to book and secure your build slot.*

The purpose is two-fold:

1. A down payment by yourself, the client(s), towards your boat.
2. To secure a commitment by both parties:
  - Nottingham Boat Company Ltd sets aside approximately 3 months of production time to build your boat and therefore any other sales are refused for the same period.
  - You, the client(s), in turn make a commitment to buy the boat at the end of the build.

The Non-Refundable Deposit paper work for your Build Slot is separate from a Boat Purchase Agreement (BPA) and its accompanying T&Cs.

The latter documents are a different part of the purchasing process.

These are drawn up and completed at a later date, based on the budget and specification of your boat once it has all been finalised.

Please see examples of our Deposit Invoice Form, a BPA and the T&Cs on our website.

Should we have a Stock Boat in build or completed, that you like and wish to purchase instead, please ask about the deposit required to secure this boat.
